NIGGELOH Dog harness Follow LIGHT Lichtblick orange-brown, size M

>> Lights up independently in the dark - without a battery
>> Power film charges automatically in daylight
>> Three snap fasteners for quick donning
>> Adjustable waist belt for optimum fit
>> Made in Germany in two stylish color variants

The Follow LIGHT dog harness ensures greater safety and visibility on every walk - without the need for a battery. The integrated power foil elements charge themselves in daylight and glow reliably in the dark. Three practical buckles allow the harness to be put on quickly and the belly strap can be individually adjusted. High-quality saddle leather applications and sturdy brass elements - with either a D-ring (XXS) or swivel (XS, S, M) depending on the size - underline the quality of the harness, which is manufactured in Germany. The Follow LIGHT is available in four sizes: Size XXS is particularly suitable for small dog breeds such as dachshunds, Havanese, Maltese or pugs with a neck circumference of approx. 30 cm, a belly strap of 33 to 52 cm, an upper strap length of 12 cm and a lower strap length of 15 to 25 cm. Size XS is suitable for small to medium-sized dogs with a neck circumference of approx. 35 cm and a belly strap of 39 to 63 cm, the upper bar length is 18 cm and the lower bar length is also 15 to 25 cm. Size S with similar dimensions - a neck circumference of approx. 42 cm and a belly strap of 39 to 63 cm - offers enough space for dogs such as beagles, miniature schnauzers or poodles. For larger breeds such as Border Collie, Husky or Kleiner Münsterländer, we recommend size M with a neck circumference of approx. 49 cm, a belly strap of 58 to 78 cm, an upper bar length of 18 cm and a lower bar length of 20 to 37 cm. Two stylish color variants - orange-brown and brown - round off the high-quality overall look.
